SUMMARY

Dynamic and results-driven professional with a proven track record of delivering high-quality work in fast-paced environments. Skilled in problem-solving, effective communication, and team collaboration, with experience adapting to rapidly changing priorities. Committed to continuous learning and eager to contribute to a progressive organization.

INTERNSHIPS

Alteryx Data Analytics Automation – Virtual Internship September 2023 – November 2023

- Gained hands-on experience in data preparation, blending, and automation using Alteryx Designer.
- Worked on real-world data analytics workflows and automation scenarios.
- Understood the fundamentals of ETL processes, data visualization, and low-code automation tools.

Juniper Networking Cloud – Virtual Internship January 2024 – March 2024

- Learned the basics of cloud networking, routing, and switching using Juniper technologies.
- Explored core networking concepts, virtual labs, and cloud infrastructure essentials.
- Gained exposure to network configuration, automation, and SDN (Software Defined Networking) principles.

PROJECTS

Attendance System Using Face Recognition Duration: 2 Months

Role: AI Developer — Tools: Python, OpenCV, Flask, MySQL

- Built an automated attendance system using face recognition with over 95% accuracy.
- Used OpenCV and deep learning models for real-time face detection and recognition.
- Developed a web interface with Flask and integrated a MySQL database for attendance

EDUCATION

2021 – 2025	B.Tech at G. Pullaiah College of Engineering and Technology	(CGPA: 7.9/10)
2019 – 2021	Class 12th, Board of Intermediate Education, AP	(87%)
2019	Class 10 th – Secondary School Certificate (SSC)	(95%)

TECHNICAL SKILLS

- **Programming Languages:** Python,SQL,Html,Css,Javascript
- **Tools & Applications:** MS Excel,MS PowerPoint

CERTIFICATIONS

- Microsoft and LinkedIn Certificate on Career Essentials in Data Analysis
- IBM Certificate on Data Analytics Basics for Everyone
- Cisco Certificate on Data Analytics Essentials
